FINANCIAL DEPARTMENT.

ACCOUNTS.

No. 933.—Publishes a letter containing orders as to the recovery of Rs. 1,606-11, embezzled by a late Money Order Agent, directing that the whole amount of the irrecoverable balance be made good by the collector of the station, as it is absolutely necessary that those officers through whose hands Government money passes, should be made to feel such a weighty sense of their individual responsibility in respect thereto as shall prevent carelessness on their part, and shall ensure their maintaining proper supervision over their subordinates 677

No. 1075.—By paragraph 16 of Resolution No. 3334, dated 14th December 1870, the question of how the charge for the absentee and superannuation allowances of officers appointed after the date of the above Resolution to any new office paid from Provincial Funds shall be borne, was left for subsequent consideration.

2.—Now declares that the Imperial Government will, until further orders, bear the charge for absentee pay in England, and for pensions or gratuities under the pension rules, of all officers who are paid from Provincial Funds, whether their offices were created before or after the 14th December 1870.

3.—To enable the Government of India to ascertain from time to time the additional charge thus imposed upon imperial revenues, the several local Governments should submit annually, on the 1st April, a list of all new offices during the preceding financial year chargeable to provincial revenues, and of all offices theretofore so chargeable abolished during the same period. The return should show the name and nature of the office created or abolished, the date of creation or abolition, and the amount of pay attached to it.

4.—It is to be distinctly understood that nothing in this Resolution affects the general principle that service paid from local funds does not qualify for pension from the Imperial Government. For the purposes of this Resolution, service paid from local funds must be clearly distinguished from service paid from provincial revenues.

Ordered also, that the following addition be made to the Civil Pension Code:—

In section 26 after "Government of India," add "or the local Government in respect of establishments paid from provincial services," as the case may be 689

For example, four per cent. paper being worth Rs. 101-8 per Rs. 100, the capital value of a permanent annual payment of Rs. 25 will be Rs. 634-6, because this sum would buy four per cent. securities amounting to Rs. 625 714

FINL. (MILY. FUNDS). INDIA OFFICE;
No. 497. *London, 21st Nov.* 1872.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,

PARA. 1. I have considered in Council your Military Letter No. 191, dated 9th September 1872, on the subject of the rates of subscription to the Military Funds to be paid by Regimental Majors of Royal Artillery and Royal Engineers. As these officers are only entitled, when serving in India, to pay equivalent to that which was formerly drawn by them as Captains, I have decided that subscription to the Funds in the grade of Major shall not be compulsory on Regimental Majors of the Ordnance Corps, either in Europe or in India.

2. The Regulations of the Funds, however, provide that donations should be paid by subscribers in each successive grade, and the option of continuing to subscribe as Captains must be granted to such officers on the understanding that they will be required to pay the donation of Major as well as that of Lieutenant Colonel on promotion to the latter rank, and that the widow of an officer will only be entitled to the pension of the grade in which her husband was subscribing to the Fund at the date of his decease.

3. Those officers who avail themselves of the option of subscribing as Majors should be allowed to do so under the regulations applicable to subscribers holding the rank and drawing the pay of Major, under which regulations health certificates are not required.

4. I request that this decision may be notified to the Army in General Orders 1225
